

POLICY CONCERNING QUALITY, PRODUCT SAFETY AND ENVIRONMENTAL PROTECTION

The main objective of MKF-ERGIS Sp. z o. o. is to provide our Customers with safe films of assured quality, which comply with legal requirements, and meet current needs and foreseeable expectations of our present and prospective Customers.

We aim at making our customers fully satisfied by means of assuring high quality and enriching our product range.

In its day-to-day operations, MKF-ERGIS Sp. z o. o. minimises its impact on the environment, and is particularly concerned with adherence to the environmental laws and regulations.

The objective is being achieved by:

- ❖ Continuously improving the efficiency of our Integrated Quality and Environment Management System on the basis of ISO 9001 and ISO 14001, as well as principles of Good Manufacturing Practice and requirements of the BRC Global Standard Packaging Materials in those areas where it is justified to apply them,
- ❖ Determining the level of our Customers' satisfaction and considering information coming from Company's business environment and potential Customers.
- ❖ Conducting business activities in an environmentally friendly manner, safe for the employees and their health, assuring compliance with provisions of law and other regulations binding upon the Company,
- ❖ Producing films for food products and pharmaceutical films which are safe for a consumer/patient,
- ❖ Delivering goods on time and providing high quality customer service,
- ❖ Engaging all Employees of the Company in improving all aspects of the Company's operations,
- ❖ Creating favourable conditions for qualification improvement and personal development of the Employees,
- ❖ Analyzing threats and minimizing risks at every stage of the production process,
- ❖ Searching and exploiting development opportunities that arise within the scope of Company's business.

We undertake to protect the environment, prevent pollution and to reduce adverse effects on the environment through:

- ❖ reduction of air pollution,
- ❖ reduction of noise sources and noise emission into the environment,
- ❖ reasonable waste disposal management,
- ❖ efficient use of raw materials, energy and water.

All employees of the Company are responsible for execution of the above tasks in accordance with their powers and obligations. We are conscious that in order to effectively implement this policy, we need to actively support all our Employees, and that is why we put so much emphasis on increasing their environmental awareness.

I ensure that we engage all necessary resources for the purpose of implementing the tasks listed above.

The policy concerning quality, product safety and environmental protection is aligned with the nature and scale of our business operations, publicly available, generally known, and is being implemented at all management levels of MKF-ERGIS Sp. z o. o..
